

HAVE YOU OBTAINED A QUALIFICATION OUTSIDE LESOTHO?

Whether you studied in South Africa, Botswana, Kenya, India, China, the United Kingdom, the United States, or any other country, having your qualification evaluated helps ensure that it is properly recognized in Lesotho.

WHY EVALUATION IS IMPORTANT

- ✓ It determines the Lesotho Qualifications Framework (LQF) level equivalent of your qualification.
- ✓ It assists employers, higher education institutions and professional bodies to understand the level and value of your qualification.
- ✓ It confirms how your qualification compares with qualifications offered in Lesotho.
- ✓ It supports fair recognition of your academic achievements.
- ✓ It promotes transparency and confidence in international qualifications.

Before you apply for employment, pursue further studies, or seek professional registration, ensure that your foreign qualification has been evaluated by the Council on Higher Education
